

Présentation projets du lundi 18 décembre 2017

Présentations des 6 projets des étudiant·e·s en 2nde année du master jeux et médias interactifs numériques
(20 min. de présentation + 10 min. de questions)

11h00 – 11h30 : Atomic Lemon

In atomic lemon, you play as lemon, a young girl who fights for the salvation of her favela with her fists and with street art, accompanied by her sidekick, the graffiti of a sloth moving on the walls.

11h30 – 12h00 : Kill him with tea

Will you manage to poison singly every twelve monstrous lords during a tea ceremony? Play a powerful witch in a VR scary experience where you will have to satisfy all the lords demands while distracting them.

12h00 – 12h30 : Pile Up

Cooperate with your box friends in this 3D local platformer up to 4 players, and pile up together to find your way through cardboard worlds and defeat bosses! All players are enthusiastic and playful characters, thriving for adventure together. But they need the guidance of the Game Master (GM) to play and discover new worlds. Setting out together from the HUB, every time they reach a new destination the GM will be kidnapped by the boss and it will be up to the players to team up in order to rescue him.

14h00 – 14h30 : Ascend

Ascend is an Episodic Solo TPS-Action game based on a Biopunk world.
A mega structure drains a vital resource to the ecosystem from the depths of a mountain.
The local fauna is completely disordered. You enter at the lowest level of the tower in the hope of stopping it.
The core mechanics are about fighting in a vertical space and ascension.

14h30 – 15h00 : Kaiju Snap

A journalist duo sent a drone on a remote island, formerly used as nuclear test site.
Their goal is to find evidence of a unique environment, so it can be classified as world heritage.
Take control of this drone in this VR game.
Discover a heavenly island, take pictures of your environment and find out about a mysterious giant creature.
This is Kaiju Snap.

15h00 – 15h30 : Purified

Purified is a 3D action/adventure coop game up to 3 players.
3 purest ones have the world's fate on their unfortunate shoulders.
They need to cooperate as one to cleanse their world of decay.
Along their path, they might lose themselves...

Présentation de 2 projets des élèves du Mastère Spécialisé® jeu vidéo et transmédia *Interactive Digital Experiences*
(20 min. de présentation + 10 min. de questions)

15h30 – 16h00 : SuperCaptainCapsule

Discover SuperCaptainCapsule, a game where you manage essential resources to ensure your survival on Mars.
